## COMPANY PROFILE

### >>> About Us

Henan Garlway Machinery Co., Ltd., established in 2014 and headquartered in Zhengzhou City, Henan Province, is a leading manufacturer specializing in the research, development, production, and sales of mechanical equipment. As our core product, winches are at the heart of our operations, alongside other offerings such as concrete mixers, batching machines, and mixing stations. With over a decade of industry expertise, we pride ourselves on our robust R&D capabilities, enabling us to deliver customized solutions tailored to diverse customer needs. Our three factories, spanning 60,000 square meters, and a dedicated workforce of over 300 employees ensure a monthly production capacity of 2,000 units. Serving markets across Southeast Asia, Central Asia, North Africa, South Africa, Latin America, and Oceania, Garlway Machinery has earned global recognition for its high-quality products and exceptional service. Committed to innovation and excellence, we strive to strengthen our position as a leader in the mechanical equipment industry, promoting Chinese products worldwide.

# 12000 Lb Electric Boat Trailer Winch With Windlass Anchor Warn

Item Number: GJYJ7T

## Introduction

Discover the **warn 12000 lb winch**, **electric boat trailer winch**, and **windlass anchor** for robust, versatile lifting and pulling solutions. Ideal for marine, construction, and emergency operations. Explore now!

| Parameter                  | Details   |
|----------------------------|---|
| Rated pulling force        | 70kN  |
| Specification of wire rope | Diameter: 22-24mm   |
| Reel capacity              | 100-300 meters  |
| Lifting speed              | Hydraulic winches: up to 50 meters/minute                   |
| Motor power                | Electric winches: 18.5-22kW                                 |
| Overall dimensions         | Length: 1500-1800mm, Width: 1200-1500mm, Height: 800-1000mm |
| Weight                     | 1200-2000kg   |

| Applications                        | Details  |
|-------------------------------------|--|
| Building construction               | Vertical transportation of materials (e.g., mortar, bricks)          |
| Ship dock                           | Assisting ship docking, small cargo lifting, short-distance handling |
| Car cranes and engineering vehicles | Supporting equipment for cranes, forklifts, excavators, etc.         |
| Forestry field                      | Lifting and transporting timber                                      |
| Small-scale mining operations       | Lifting materials (e.g., ore, slag), hauling mine cars               |

| Selling Points    | Details   |
|-------------------|---|
| Powerful          | 7 tons of rated pulling force for regular lifting and towing needs  |
| Compact structure | Threaded connection steel frame, easy to install and transport      |
| Safe and reliable | Equipped with brakes, limiters, overload protection                 |
| Smooth operation  | Hydraulic-driven, low noise, safe, reliable, low energy consumption |
| Easy operation    | Simple interface, remote control for electric winches               |
